# Exhibitor Comments

This show has been pivotal to our success in North Carolina, Virginia, and South Carolina. We have been exhibiting at this show for 10+ years and will continue to do so for many more.

**Norden Mfg**

As exhibitors in several seed and agriculture shows, we decided to try the Southern Farm Show and were pleasantly surprised to find how well organized and executed the show was! Everything ran smoothly and the quality and flow of traffic was outstanding. We're already looking forward to 2026!

**Vulcan Utility Signs**

Today, every other industry is online. Our customers use the internet, but they still want that personal connection. They want to see you and talk to you. That personal contact and personal connection is very important. Customers want to talk with you one-on-one and the Southern Farm Show is great for that.

**Gaston Sealey Company**

The Southern Show has always been very important to us. We can greet our current customers and meet new ones as well.
