Exhibitor Comments

I attend shows all over the country. I have to say one of the best shows I have been to in a long time is the Southern Farm Show. Years ago I would attend a farm and ranch show and see only farm and ranch products but most now have 1/3 to 1/2 the show filled with non-farm companies. I was glad to see a show of this size with none of that. For the three days we introduced our newest squeeze chute and had more real interest than I have seen at a standard farm show in a while. We stayed busy from open to close every day. Thanks for such a good show.

Priefert Mfg.

The Southern Farm Show is more than an event – it's a chance to connect with the farmers and landowners who make up the heart of our region.

Another great show as always. We made a lot of great contacts, and feel it was time well spent. We appreciate all you do, and look forward to next year.
